Module Panel

There is currently one module available. The section displays all the modules available within IntraMaps. Each module may contain different sets of map layers.

Layer Panel

It displays a list of map layers available to that particular module. By ticking and un-ticking different layers to display the layer information on the map window. If the layer is shown in **grey italic text**, this means the layer is **not visible at the current map zoom**, but will be displayed when zoomed further in or out.

Search Panel

There are three types of searches available: Simple Address Search, Lot & DP Search and Park Search. Fill in search criteria to search properties within the LGA.

The search panel includes three tabs: 'SIMPLE ADDRESS', 'LOT & PLAN SEARCH', and 'PARK SEARCH'. The 'SIMPLE ADDRESS' tab is active. Below the tabs are input fields for 'Lot Number', 'Section Number', 'Plan Number', and 'Plan Type'. A 'Search' button is located at the bottom left of the panel.

For **Simple Address Search** and **Park Search**, a drop down list of matching addresses appears as you start typing to assist in easier searching.

Menu / Toolbar

| View | |
|--|--|
| | Home / default view |
| | Pan |
| | Zoom in |
| | Zoom out |
| | Go back to previous view |
| | Move forward to next view |
| <div style="border: 1px solid black; padding: 2px;"> Kogarah CBD Hurstville CBD STORIED VIEWS </div> | Shortcuts to locate and view Hurstville and Kogarah Town Centres |

| Tools | |
|--------|--|
| | Point selection (click on a single feature) |
| | Circle selection (draw shape to select multiple features) |
| | Rectangle selection (draw shape to select multiple features) |
| | Polygon selection (draw shape to select multiple features) |
| | Measure distance (options to snap to a specific layer to measure, double-click the last point to complete) |
| | Measure area (options to snap to a specific layer to measure, double-click the last point to complete) |
| Export | |
| | Print (a shortcut is also located near the top right corner) |
| | Export as an Image |

Quick Tools

| Zoom | |
|------|--|
| | Zoom in / zoom out buttons or scroll using the mouse |
| | |

| Selection | |
|-----------|---|
| | Collapsible list that contains the same selection tools present in the Tools menu. The current tool that is selected is displayed at the top of the list. |

| Aerial | |
|--------|--|
| | Click and drag the slider to overlay the aerial photo onto the map |

Information Panel

This information panel appears on the right hand side of the map window when a selection is made using one of the selection tools or when a search is conducted.

- 1 If **multiple properties are selected**, click on the next and back arrows in the selection panel to view the information for a particular property.
- 2 The **grey layer panel** shows how many and **which layers are involved in the selection** (no need to turn on a particular layer in the layer panel to display the information). If more than one layer shown on the grey layer panel, click on the particular layer to view the information.
- 3 Click on the blue **StreetView** link to access **Google street view**.
