

Make a podcast

A post-visit activity

Create a podcast reflecting on your visit to Hurstville Museum & Gallery. This can be done in groups or by yourself.

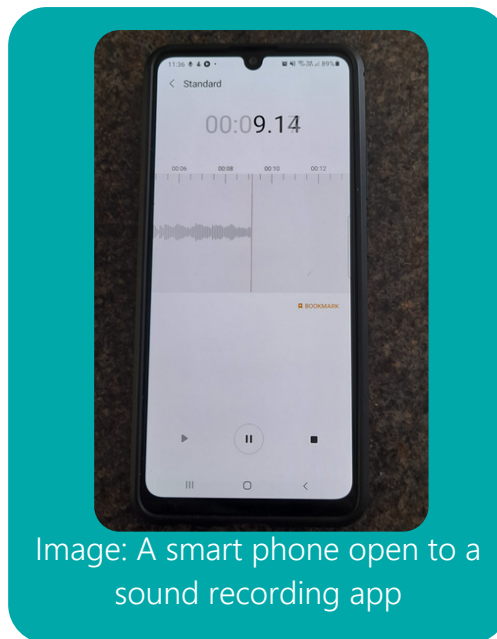

Image: A smart phone open to a sound recording app

You will need:

- A recording device (eg. phone, iPad/tablet)

Process:

1. Reflect on what you saw and learnt at Hurstville Museum & Gallery. What was your favourite part? What surprised you? What did you not know before? What did you find interesting? This can be as a group or by yourself. You can write down these ideas if you want to.
2. Based on this, record a podcast talking about what you learnt, saw, and enjoyed during your visit. This can be done with just audio, or video and audio, or just video with sign language. You can be as serious or funny as you want.
