| Record Keeping | All documents and information obtained in relation to the implementation of this policy will be kept in accordance with the NSW State Records Act 1998, Georges River Council's Corporate Records Policy and adopted internal procedures. |

PURPOSE

The purpose of this policy is to provide the framework for a consistent and best practice approach to engaging with the community across all Georges River Council functions. It is also to help Council be open and transparent, whilst making decisions in the best interests of the public.

SCOPE

Community engagement is integral to developing Council plans, policies and the provision of services and assets. Engagement is not a substitute for decision-making; however it is an important part of the democratic system under which Councils operate.

This Policy outlines the commitment, principles and engagement framework under which opportunities will be made available for the community to directly contribute to Georges River Council's decision-making process.

This Policy applies to all elected and appointed members and staff members across Council's organisational functions. It also applies to volunteers, contractors and third party consultants that engage with the Community on Council's behalf.

DEFINITION OF TERMS

| Term | Meaning |
|-------------------|--|
| <i>Community</i> | People that live, work or invest in the Georges River local government area. More specifically Community includes residents, ratepayers, business owners, sporting groups, not-for-profit organisations, schools, religious institutions and State and Federal agencies. |
| <i>Engagement</i> | A two way dialogue between Council and the community where input, ideas and feedback are sought to assist with the decision making process on various projects and activities. |

POLICY STATEMENT

1. Commitment

1.1 When undertaking community engagement, Georges River Council is committed to:

- Making decisions in the best interests of the community
- Being open and transparent
- Respecting the views of the community
- An equitable practice that gives all members of the community the opportunity to actively participate in democratic processes
- Being accessible to all members of the community
- Meeting legislative requirements

2. Principles

2.1 Effective community engagement is built on openness, transparency, trust and respect. Council's commitment to community engagement is underpinned by the following principles:

- Engagement contributes in a meaningful way to the development and enhancement of Council's plans and policies and the delivery of services and infrastructure
- Staff demonstrate integrity when working with the community
- Council looks for opportunities to engage with the community in order to gauge a better understanding of their thoughts and ideas
- Systems and tools will be used to help make engagement activities accessible to the community
- A summary of community feedback will be made available for participants to review and respond to

3. Engagement Framework

3.1 Council uses the International Association of Public Participation's (IAP2) Public Participation Spectrum as the framework for engaging with the local community. The purpose of this Spectrum, which is considered a best practice benchmark worldwide, is to improve the practice of public participation or community engagement.

3.2 This spectrum encompasses five key concepts for engaging with the public:

- Inform
- Consult
- Involve
- Collaborate
- Empower

3.3 The below chart outlines the promises and goals Council has for each of these concepts.

INCREASING IMPACT ON THE DECISION

| | INFORM | CONSULT | INVOLVE | COLLABORATE | EMPOWER |
|---------------------------|--|--|---|--|--|
| PUBLIC PARTICIPATION GOAL | To provide the public with balanced and objective information to assist them in understanding the problem, alternatives, opportunities and/or solutions. | To obtain public feedback on analysis, alternatives and/or decisions. | To work directly with the public throughout the process to ensure that public concerns and aspirations are consistently understood and considered. | To partner with the public in each aspect of the decision including the development of alternatives and the identification of the preferred solution. | To place final decision making in the hands of the public. |
| PROMISE TO THE PUBLIC | We will keep you informed. | We will keep you informed, listen to and acknowledge concerns and aspirations, and provide feedback on how public input influenced the decision. We will seek your feedback on drafts and proposals. | We will work with you to ensure that your concerns and aspirations are directly reflected in the alternatives developed and provide feedback on how public input influenced the decision. | We will work together with you to formulate solutions and incorporate your advice and recommendations into the decisions to the maximum extent possible. | We will implement what you decide. |

Reference: IAP2 Public Participation Spectrum

3.4 By using this industry best practice approach, Council will ensure all members of the community can have their say.

3.5 While Georges River Council encourages the whole community to provide feedback and have their say during the engagement process, Council recognises and respects that not everyone wishes to participate. Participating in community engagement activities is completely voluntary.

4. Community Involvement

4.1 Council recognises the importance of providing opportunities for the community to make their voice heard. Council values community input in the engagement process, which enables Council to make decisions based on the views of residents, ratepayers, business owners and community groups.

4.2 Council will promote avenues for accessible and quality community engagement to inform its decisions and functions. Appropriate and diverse methods will be used to engage in line with industry best practice and with a focus on continuous improvement.

RESPONSIBILITIES

| Position | Responsibility |
|---------------------------------|--|
| <i>Senior Corporate Planner</i> | Responsible for the implementation, application and review of Community Engagement Program and Policy. |
