

DEVELOPMENT INFORMATION SESSIONS

Development Information Sessions

Development Information Sessions are free information evenings hosted by the Development Advisory Services Team.

These sessions are targeted at both community members and building professionals.

The sessions are used as an opportunity to educate customers on various development related topics and the services offered by the team.

The sessions are also used as an opportunity to obtain feedback from customers.

Register to Attend

Customers will be required to register to attend the information sessions by emailing mail@georgesriver.nsw.gov.au

Questions??

If you have any questions about this service please contact the Team Leader – Development Advisory Service on (02)9330 6400.

Scheduled Dates for Information Sessions

The Information Sessions are normally held in the evenings at the Hurstville Service Centre. 2023 Session dates have not been set at this time.

Service Offering

The purpose of these sessions is to outline the range of services offered by the Development Advisory Services Team and explain the complying development and development application process.

The sessions are used as an opportunity to educate residents and building professionals about:

- Development related topics (eg. heritage, drainage and stormwater, BASIX Certificates).
- Upcoming business improvement initiatives.
- Customers facing changes to process or procedures at Georges River Council.
