DA2017/0471 Development Application for the construction of new perimeter fencing and gates
associated with the Beverley Park Golf Course**

SUBJECT: Report Clarification – Number of Submissions

Dear Panel Members,

I refer to the above detailed assessment report listed for the Local Planning Panel meeting for 18 July 2019.

As part of the preparation of the report, we took into consideration all submissions.

The report detailed a figure of 152 submissions received including 75 submissions in support and 77 submissions of objection.

The report should have indicated that a total of 313 submissions were received – including 143 submissions in support and 170 submissions of objection.

The Local Planning Panel is also advised that a petition containing 559 signatories in support of the development application was received, along with a petition in objection with 440 signatories. A Change.org petition in objection was separately received containing 608 signatories.

A supplementary review of the submissions and petitions by CPS confirms the relevant issues raised have been considered in the assessment of this development application.

Yours sincerely,

Ben Tesoriero
Director
