SUBJECT: Report LPP006-22 for the meeting of 3 March 2022

Dear Panel Members

This memo is to advise there are two typographical errors in the planning assessment report **LPP006-22 for the meeting of 3 March 2022**.

1) The development data table on page one of the report should read **three (3)** submissions.

2) Paragraph 98 should read:

98 This RFB has been sensitively designed to respond to the constraints of the site, and fits within the local context of other existing three storey, residential flat buildings in the locality.

Regards

Liam Frayne
