8. Proof of vaccination status or medical exemption must be provided when requested by an officer of the Court.
9. People attending a hearing at the Court's premises should arrive 10 minutes before the scheduled commencement time to allow the court officer to check people's vaccination status or medical exemption.

### **Masks**

10. Masks are required to be worn whilst inside the Court's premises, including courtrooms and meeting rooms, if required by a public health order in effect at the time.
11. Masks are encouraged to be worn when gathering in rooms or areas where physical distancing is not possible or to protect at risk people.

### **Filing documents and applications to the Court**

12. The parties and their representatives are to comply with the following procedures for filing documents and applications in civil proceedings, tree disputes and criminal proceedings.

#### *Civil proceedings (excluding tree disputes)*

13. Parties in matters in Class 1, 2 (excluding tree dispute applications), 3, 4 or 8 are encouraged to use Online Registry and Online Court where they are entitled and registered to do so. Both Online Court and Online Registry operate 24 hours a day so that parties can use them at any time.
14. Parties are encouraged to file originating process, including an application, summons or notice of appeal commencing proceedings, notices of motion, notices to produce and applications for the issue of subpoenas by Online Registry.
15. Online Court is to be used to seek directions in proceedings (including listing matters for conciliation conferences, mediations and hearings) and access orders for subpoenas and notices to produce, unless the proceedings are otherwise listed for a directions hearing.

#### *Tree disputes*

16. Parties in Class 2 tree disputes are, whenever practicable, to file the application commencing the proceedings and supporting documents by Online Registry, by

17. Parties in Class 2 tree disputes are, whenever practicable, to file with the Court their written statements of evidence, expert reports, photographs, plans, and submissions by email to the Court using the [treedisputefilings@justice.nsw.gov.au](mailto:treedisputefilings@justice.nsw.gov.au) email address or by post to the Court Registry, and to serve these documents on the other party, at least 14 days prior to the hearing.
18. Parties can seek directions and access orders for subpoenas and notices to produce by email to the Court using the [lecourt@justice.nsw.gov.au](mailto:lecourt@justice.nsw.gov.au) email address, sending a copy of their email to the Court to the other party in the proceeding at the same time. A party may likewise email the Court with their response to the applying party's application to the Court, but should do so within 24 hours of receiving the applying party's email.

#### *Criminal proceedings*

19. Class 5 proceedings are to be commenced in accordance with the amended Practice Note Class 5 Proceedings dated 10 December 2020.

A party may likewise email the Court with their response to the applying party's application to the Court, but should do so within 24 hours of receiving the applying party's email.

#### **Attending the Court Registry**

22. Physical attendance at the Court Registry should not be necessary in most instances if the above requirements for filing documents and applications with the Court are observed.
23. If, however, it is necessary to attend the Registry to file hard copy documents or to provide in hard copy without prejudice material for a conciliation or mediation, the Registry counter is open from 8:30am to 4:30pm Monday to Friday.

#### **Return to face-to-face attendances**

24. The Court will continue to case manage each matter filed in the Court to determine the appropriate mode of conduct of the hearing, conciliation conference or mediation. The mode by which the listing will be conducted will be

determined on a case-by-case basis by the Registrar, List Judge or the presiding judge or commissioner, after hearing from the parties as to their preferred mode of conduct of the case.

25. Some matters, at the request of the parties or by reason of not being able to comply with any social distancing and public gathering requirements in effect at the time, will be conducted in the virtual courtroom environment. Other matters will be conducted using a hybrid model, where part of the attendance may occur face-to-face in the courtroom or on site and other parts are conducted by virtual courtroom methods. For example, a hybrid model for hearings, conciliation conferences or mediations could be used to allow site inspections to be conducted and the balance of the listing to be conducted by telephone, AVL or MS Teams. Finally, some matters will be suitable to be conducted wholly as face-to-face attendances in a courtroom.

### **Hearings, conciliations and mediations in courtrooms**

26. The presiding judge or commissioner has the responsibility to ensure compliance with the arrangements in this Policy and give such directions as they think appropriate to discharge this responsibility.
27. The presiding judge or commissioner may direct any person to leave the Court's premises, including the courtroom or other room in which a hearing, conciliation or mediation is being conducted, if the person does not show proof of their vaccination status or medical exemption.

### **Site inspections for hearings and on-site conciliation conferences**

28. Site inspections for hearings and conciliation conferences may be carried out.
29. All people attending a site inspection are required to be fully vaccinated or have a medical exemption.
30. The Court's Site Inspections Policy otherwise applies.
31. In the event that a site inspection does not proceed, photographs and video presentations of the site, or relevant matters, that might have been seen or heard on-site may be admitted into evidence upon application to the presiding judge or commissioner.

### **Tree dispute hearings**

32. The Court will advise the parties if it determines that an on-site hearing should not proceed and, in that event, the alternative means for conducting the hearing of the tree dispute. In the event that the scheduled hearing of a tree dispute cannot proceed on-site, the hearing may be conducted by AVL, telephone or MS Teams.

## **Mediations**

33. The practices outlined in this Policy in relation to conciliation conferences under s 34 and s 34AA of the *Land and Environment Court Act 1979* will apply to mediations under s 26 of the *Civil Procedure Act 2005*.
34. If an agreement is reached between the parties at the mediation, the presiding commissioner will refer the matter to the Registrar to be dealt with by the Duty Judge.

## **Regional matters**

35. The Court will conduct regional hearings, conciliations (including site inspections) and mediations in accordance with the procedures outlined in this Policy, subject to the judge or commissioner being able to travel to the location of the hearing, conciliation or mediation and the venue, such as a country courthouse, being available.
36. If travel to the location is not feasible or the venue is not available, the Court will make, in consultation with the parties, alternative arrangements for conducting the hearing, conciliation or mediation, such as by telephone AVL or MS Teams.

## **Directions hearings and lists**

37. For applications not able to be determined by the Court through means of Online Court or email, the Court will conduct the Registrar's list and the Friday Judge lists by a hybrid model. Most matters can continue being conducted by telephone, AVL or MS Teams, as is appropriate and requested by the parties. Some matters can be conducted face-to-face in a courtroom, where the parties request and it is appropriate to do so. Parties and practitioners are to consult the daily court list for the mode of conduct and the time of the listing.

## **Delivery of judgments**

38. Reserved judgments will continue to be handed down in Court by the presiding judge, commissioner or registrar, or the registrar on behalf of the presiding commissioner, by AVL, MS Teams or telephone.
39. Upon being notified that judgment will be delivered, parties and practitioners are to consult the daily court list for the time and mode of appearance.
40. After delivery of judgment, the judgment will be published on Caselaw and a written copy of the judgment will be sent by email and post to the parties in accordance with the Court's usual practice.

## **Self-isolation and vacation of listings**

41. Any practitioner, party, expert or person involved in court proceedings who is required to self-isolate, or who has been in contact with a person who is required

to self-isolate, or who is sick, must not attend the Court premises, including the Registry, a courtroom or any other room in the Court building, or any conciliation, mediation, hearing or directions hearing in the proceedings.

42. If, by reason of the need to self-isolate or sickness, there is a need to vacate any listing, the party or practitioner should immediately apply to vacate the listing, providing reasons, and suggest alternative dates to reschedule the listing.
43. The following procedure applies for notifying the Court and vacating a listing:
  - i. The party or practitioner is to send a request by Online Court (or email [leclistings@justice.nsw.gov.au](mailto:leclistings@justice.nsw.gov.au) if not an Online Court user) advising of the issue that has arisen and provide the telephone number and the name of the party or practitioner who should be contacted in the event of a telephone conference with the judge or commissioner allocated to hear the matter.
  - ii. The Court will forward the online communication to the judge or commissioner allocated to hear the matter.
  - iii. If possible, the judge or commissioner will respond to the online communication and resolve the issue online.
  - iv. Alternatively, the judge or commissioner will arrange for a telephone conference with the parties and practitioners to discuss the best way to resolve the issue (such as arranging for the person to give evidence by telephone or cancelling the on-site start and instead convening the matter in Court with social distancing measures in place).
  - v. The outcome of the telephone conference will be confirmed in an online communication by the Court through Online Court.
  - vi. In the event that the issue is not resolved before close of business (4.30pm) on the day before the allocated hearing, conciliation or mediation, the listing will be vacated by the Court and the matter will be listed for an online communication for further directions, including listing the matter at another date.

### **Recording proceedings and the *Court Security Act 2005***

44. The *Court Security Act 2005* (NSW) continues to apply to all hearings, including those conducted using by telephone, AVL, MS Teams or being streamed.
45. In particular, s 9 and s 9A of that Act prohibit recording sound images or using a device to transmit sound or images, without approval. Everyone participating in a hearing conducted by telephone, AVL, MS Teams or being streamed should observe all normal court protocols and standards.

### **Hygiene measures taken by the Court**

46. Hand sanitiser is available at the lifts on the ground floor and on each floor as

you exit the lift. It is available on the bar table in each courtroom. Hand sanitiser should be used before and after touching documents and hands should be washed with soap and water when convenient to do so.

47. Hand sanitiser is also available on exiting the lift on Level 4 and within the public registry space. The public counter has screens in place.
48. There are public bathrooms for men and women on alternate floors of the court providing access to soap and water.
49. Additional cleaning staff have been employed to undertake additional cleaning and disinfecting of 'high traffic' surfaces in the Court, such as lift buttons and handrails, door handles, bathrooms, bench and bar tables in courtrooms, and meeting rooms in public areas.
50. The additional cleaning staff are on-site throughout the day moving continuously throughout the building. The cleaning teams operate throughout normal business hours and in the evening. Their work is monitored to ensure cleaning standards are maintained and that there is coverage throughout the building
